RESILIENCE THROUGH INFRASTRUCTURE

Resilient systems. Stronger businesses.

Building after Melissa

Resilience means protecting production and preparing businesses for disruption.

Solutions on the trade floor

Solar and backup power. Water storage and irrigation. Equipment, secure storage and business continuity support.

A practical opportunity

Connect operators with suppliers who can help strengthen their operations.

Illustrative event concept

BRANDS ARE WELCOME

Put your brand in the room.

Products and accessories

Packaging, storage solutions, vaporizers, accessories and retail displays.

Meet potential accounts

Connect with growers, retailers, hospitality businesses and other relevant operators through targeted outreach.

Show what makes it useful

Bring samples, specifications and wholesale information. Discuss stockist and distribution opportunities.

Illustrative event concept

ANCILLARY SUPPLIERS

The businesses behind the industry.

Energy and infrastructure

Solar, batteries, irrigation, water systems, equipment and post-harvest solutions.

Security and mobility

Security systems, vehicles, fleet services, freight and logistics.

Professional support

Insurance, accounting, legal services, software, marketing and other business services.

Illustrative event concept

WHAT EXHIBITORS CAN EXPECT

Show. Demo. Connect.

Build your display

Present your products or services in an agreed exhibition space. Larger equipment and vehicle displays by arrangement.

Have useful conversations

Meet visitors, explain your offer, capture enquiries and discuss quotes, orders or partnerships where permitted.

Plan the follow-up

Bring pricing, contact details and a clear next step.
